

Frappant Open Call 2024

The Frappant e.V. calls on all artists, curators, designers, architects and activists to apply with an exhibition concept for the Frappant Gallery in 2024. The Frappant Gallery is a non-commercial white cube in the middle of a larger, cooperatively managed center for alternative culture, education, creative industries and social affairs in Hamburg-Altona.

The Frappant e.V. has existed since 2009. We are actively involved in the Hamburg network of independent art venues ART OFF HAMBURG and work in close contact with important art institutions and the media. The Frappant e.V. exhibition program is funded by the Hamburg Authority for Culture and Media.

We give preference to:

- Concepts for group exhibitions in which at least three to around nine artistic positions interact with each other;
- Concepts of freelance curators;
- Cross-genre and cross-spatial (analog and digital) approaches and projects;
- (Trans-)National collaborations involving Hamburg artists;
- Exchange with other independent art venues outside Hamburg;
- Exhibition concepts in the border area between fine arts and performing arts, music, urbanism and sociocultural issues;
- Projects that observe, critique, question, queer, redesign, deconstruct; take feminist positions and include alternative perspectives to the Western heteronormative view.

What we offer:

Our gallery consists of three rooms of roughly the same size with a total area of 140 square meters and approx. 4m high ceilings, as well as a fourth, digital exhibition space: Der Vierte Raum. This digital exhibition space can be used in addition to the analogue rooms (see: dervierteraum.org). It is looked after by the exhibition team and other active members of Frappant e.V. on a voluntary basis. We curate the entire program, advise the exhibiting artists, can assist with public relations and networking, and take care of technical support. However, the exhibiting artists remain primarily responsible (see exhibitor info at frappant.org/galerie/).

The planned duration of the exhibition includes either one or two weekends (the artists must also take over the supervision).

Exhibition examples can be found on Instagram [@frappantgalerie](https://www.instagram.com/frappantgalerie)

Who can apply:

Professionally working artists, curators, designers, architects, activists who have applied with a meaningful, written exhibition concept that has been accepted by the Frappant exhibition team can exhibit in the Frappant Gallery. Applicants should have qualifications in an artistic or curatorial practice. Applications can be submitted to bewerbung@frappant.org until 6 August 2023.

The application should be a single PDF. The file needs to contain the name of the submitter (last name_first name_no.) and must not exceed 10 MB in size (please do not send video or audio examples as an additional file, but send them via hyperlink or file transfer link).

The application must contain the following information:

- Exhibition concept (approx. 1-2 DIN A4 pages), which relates to a central theme and to the spatial conditions of the Frappant Gallery (analogue and digital);
- Information on the participating artists (each with CV, max. 1 Din A4 page per artist);
- Picture gallery with exemplary works by the participating artists;
- Appointment preferences and schedule.

Applications that do not meet these requirements or are received late will not be considered.

The Frappant exhibition team will decide whether the application will be included in the exhibition program at the beginning of November 2023. However, a binding commitment can only be made once Frappant e.V. has received a funding approval for 2024 from the Hamburg Authority for Culture and Media (expected December 2023). We will inform all applicants by e-mail and ask for your understanding that this may not happen until December 2023.

We hope that we have given you sufficient information and look forward to receiving your applications!
